

CANADIAN OFFICIALS WILL DEPORT THAW ACROSS BORDER TO STATE OF VERMONT

Authorities Believe Habeas Corpus Proceedings Will Free Fugitive Today

INSPECTORS WAITING

When Court Releases Prisoner Two Inspectors Will Deliver Him to Vermont Officers

2ND. WRIT MAY DELAY ACTION

SHERBROOKE, Quebec, Aug. 20.—Harry K. Thaw will be across the American border in the state of Vermont by tomorrow night if events in the case of the fugitive from Matteawan shape themselves tomorrow as Canadian officials in close touch with the proceedings anticipate.

This was the semi-official intimation here tonight.

It is not denied that official opinion inclines to the belief that habeas corpus proceedings will result in Thaw being declared a free man. What will follow, the plans of the immigration authorities indicate, lies in the hands of Inspector D. H. Reynolds, and F. E. Williams of Ottawa. These two officials, immediately Thaw is released by the court, it is understood, will take him into custody as an undesirable under the immigration act and rush the fugitive to Coaticook.

At the immigration office the formal deportation proceedings will be conducted in the form of an official inquiry into the manner of Thaw's entrance into the country and his past history which bars him from remaining in Canada. These formalities ended, he will be taken on board a Grand Trunk train and conveyed to the border where Messrs. Reynolds and Williams will hand him over to the American authorities.

Has No "Through" Ticket.

The point of deportation indicated will be Island Pond, Vermont, the nearest border station on the Grand Trunk, about twenty miles south of Coaticook. The "through" ticket to Detroit, on which Thaw, it is understood, hopes to evade the immigration authorities and continue his journey through Quebec and Ontario to the state of Michigan, will not serve that purpose, if the information of the immigration officials is correct. Though they have not yet been shown the ticket by Thaw, they have learned that it was purchased in Coaticook and reads from that point to Detroit. It is not, therefore, a ticket from one American station, via Canada to another foreign point and does not qualify as "through" transportation.

The possible hitch in the deportation plan would be a further writ of habeas corpus calling upon the immigration authorities to show cause why Thaw is not eligible to enter Canada. This would further delay action.

SHERBROOKE, Que., Aug. 20.—Harry Thaw's fight against deportation to the United States after his dramatic escape from the Matteawan State Hospital for the Insane on Sunday morning last will begin tomorrow morning at 10 o'clock. He is to be produced before Judge Globensky of the superior court on a writ of habeas corpus obtained this afternoon.

If the writ is sustained he will be a free man, but for how long is problematical. Dominion immigration authorities announced tonight they stood ready to detain him should he be released and then to take steps to send him across the border as "an undesirable alien" either at the New Hampshire line, where he entered the dominion or at some point in New York state.

Facing such a situation Thaw, for once in his life, has refused to be interviewed. He has talked of matters not pertaining to his escape, but not one word has come from him regarding his flight from Matteawan or of the five men who spirited him away.

One Confederate Arrested.

Of these five, one is believed to be in jail at Sherbrooke. He gave the name of "Thompson," residence Toronto. But both Sheriff Hornbeck and District Attorney Conger of Dutchess county, New York, said he was "Gentleman" Roger Thompson of New York city, reputed chauffeur of the automobile that whirled Thaw away from Matteawan.

Thompson was in the superior court room waiting for the Thaw case to come up when the immigration officers arrested him. He was identified as one of the two men with Thaw when he was arrested near Coaticook. He denied that he had aided Thaw and maintained that he had met the fugitive by chance. Thompson was held in \$500 bail for a hearing Friday. Unable to furnish the bond he was remanded to jail.

Technically, he is charged with aiding and abetting a lunatic to cross the Canadian border, an offense punishable with a \$500 fine. If the authorities fail to hold him on this charge, District Attorney Conger will seek his extradition on a warrant charging Roger Thompson

with conspiring with others to defeat justice in liberating Thaw.

Will Test Immigration Law.

The warrant will not be pressed until the immigration law violation has been tested. Thompson's defense, it is understood, will emphasize (provided he admits coming across the border with Thaw), the contention that Thaw has not been found insane in Canada and that assisting him to enter was therefore not a violation of the law.

"Thaw surely will be returned to New York state," said Mr. Conger, "probably by deportation as the Canadian government does not want him on its hands. If not by deportation, then by extradition. Thaw should be back in Matteawan soon. Then we shall see whether he can escape again."

"Although I have no reason at present to expect it, I hope that when he is deported it will be at the border of New York state where we will not have to go through further formalities as in some states other than New York."

Thaw today received frequent assurances of support from relatives and friends. His mother, Mrs. Mary Copley Thaw, however, up to tonight had sent him no word as far as could be learned.

Perhaps the most interesting telegram Thaw sent was that which indicated a longing for a direct word from some one near to him. His sister, Mrs. Margaret Thaw Carnegie, had telegraphed him that she was ready to start for Sherbrooke "if I can be of any help to you."

His answer was "yes, come. I need you, Harry."

Mrs. Carnegie notified her brother that both she and her husband would be here to greet him tonight.

Wires for Funds.

One telegram sent by Thaw called upon his relatives in Pittsburgh for funds. This was answered by a telegram from the Union National bank, saying: "Draft will be honored."

Thaw had "only a few cents," the governor of the jail said, when he was searched.

Thaw in his petition for a writ of habeas corpus set forth first that he was committed to jail "without any preliminary examination whatever and without any opportunity having been given him to be heard."

He recited further that he is not charged with any offense against the criminal laws of Canada or of any other country and "because the offense charged against him is not an offense under Canada law," he therefore cannot be tried.

Thaw's Attorneys Confident.

The alleged offense with which Thaw is charged is that he is a "fugitive from Matteawan penitentiary where he was serving a life sentence for a criminal charge of which he was convicted."

It is upon the wording of the complaint that Thaw's attorneys hope to carry them successfully through tomorrow's skirmish without uncovering their principal defense.

"Why, we have masked batteries that will blow any case of this kind to smithereens," one of his attorneys exclaimed this evening while discussing the matter.

Thaw also complains in his petition that he was never confined at Matteawan on a criminal charge and that it is untrue that he was ever convicted of any crime or that he was confined for life.

The agents of the dominion immigration department have seriously discussed the probability that Thaw will be released. They do not plan to give him more than a moment's freedom. To sustain their case they have half a dozen clauses in the immigration act which they say are applicable.

SAYS PEOPLE DO NOT OPPOSE RECOGNITION

Huerta's Reply to American Note Intimates Wilson Is Not Backed by Congress

ENTITLED TO BE RECOGNIZED

Asserts Democratic Party's Power Is But Temporary and That His Recognition Is Partisan Question In United States

BLAMES U. S. FOR MEXICO'S CIVIL WAR

WASHINGTON, Aug. 20.—Intimations are contained in Provisional President Huerta's reply to the American note presented by John Lind that President Wilson is not backed up by congress or the American people in his stand against recognition of the Huerta government. Referring to the attacks on the Washington administration by members of congress and pointing to the official recommendations of Ambassador Henry Lane Wilson advising recognition, Huerta declares he is entitled to be recognized. He holds that the Democratic party's power is temporary and argues that recognition of his government is a partisan question in the United States. He intimates that he reached his conclusion on private advice from Washington.

This information was obtained tonight from those who know the contents of the Huerta note so far as it has been deciphered. The complete note is not yet at hand but the principal argument has been placed before administration officials. Though negotiations between John Lind and Provisional President Huerta are continuing on a cordial personal basis, neither side is receding from its position and alternative measures already are under consideration here. No definite course has been formulated but the policy under consideration is one of absolute non-interference. The American government under such a policy would continue to deny arms to both sides and would withdraw Americans from trouble zones, insist on proper protection to property and lives and in effect let the Mexicans continue their controversy on the battlefield.

Determined Against War.

The administration is determined against intervention, or war, and the other alternative, friendly mediation, has apparently failed. Officials believe, however, that the United States through the mission of Mr. Lind will have satisfied foreign governments of its desire to bring about peace.

To grant arms to the constitutionalists would in the opinion of many officials only add to the dangers of anarchy in the republic, equipping bandit bodies with weapons of destruction.

The present administration proposes to defer recognition until a constitutional election shall have been held and President Wilson stands firmly against recognizing the Huerta regime under any circumstances. From these considerations, it is likely that Mr. Lind's information parley with the Huerta officials will continue long. He will remain in Mexico City indefinitely, however, as the adviser to the American embassy.

Advices that the Huerta government is seriously handicapped by lack of funds and news of constitutionalists' victories, strengthen the belief in official circles here, that a settlement of the revolution will be accomplished by the constitutionalists within a short period of time.

Four Proposals Rejected.

Mexico City, Aug. 20.—The proposals of the Washington government which Mexico rejected in toto were:

First, complete cessation of hostilities; second, that President Huerta resign in favor of a president ad interim; third the fixing of an early date for the presidential elections and fourth, that General Huerta should be a candidate for the presidency.

An additional feature of the American note was the request for a reply to the question as to what in the opinion of General Huerta the present conditions were due and what the remedy.

General Huerta flat refusal to accede to the four demands would appear to be sufficient reason to consider that the negotiations between the two governments were definitely concluded but in replying to Washington's pointed request for an explanation regarding conditions in Mexico and the cause, General Huerta himself injected into the controversy which it might regard as a counter demand, namely that of recognition.

In a general way President Huerta places the blame for Mexico's civil war upon the United States. He insists that had it not been for President Wilson's refusal to recognize his administration he would long ago have suppressed the rebellion and even now he asserts the United States indirectly enable him to restore order in a comparatively short time. He asks of the United States government only recognition and the withdrawal of the American battleships.

CHARGES MAY BE BASIS OF IMPEACHMENT CASE

Serious Charges Are Made Against Federal Judge Spear and May Be Foundation of Another Impeachment Case in Senate.

WASHINGTON, Aug. 20.—Charges which it sustained may be the foundation of another impeachment case in the senate are made against Federal Judge Spear of the fifth Georgia circuit and were considered today in a carefully guarded session of the house judiciary committee. The committee had before it the report of an investigation of Judge Spear's conduct by Special Examiner E. C. Donnell, submitted by the department of justice along with numerous affidavits and other exhibits. No action was taken, the committee adjourning until Friday and each member pledging himself not to discuss the charges in the meantime.

It is possible that another day's session will find the case formally brought up.

The charges are:

"That Judge Spear unlawfully permitted the wasting or dissipation of bankruptcy estates that came within his jurisdiction as a federal judge."

"That he presided in cases in which his son-in-law was an attorney on a contingent fee, with full knowledge that his decision would affect the fee of his son-in-law."

Judge Spear will be given an opportunity to appear before the judiciary committee just as Judge Archbald was accorded that right in the last impeachment case.

MAY REACH RAW WOOL FIGHT TODAY

Senate Practically Disposes of the Cotton and Flax Tariff Schedules

NO FEAR OF LOSING ON VOTE

Democratic Leaders Expect Vote on Wool Will Be About the Same as That on the Sugar Schedule

BILL MAY BE FINISHED BY SEPT. 15TH

WASHINGTON, Aug. 20.—Free raw wool is the next fight ahead on the tariff bill in the senate and it probably will be reached tomorrow. The cotton and flax schedules having been practically disposed of today.

Democratic leaders have no fear of losing on wool. The vote, it is expected, will be about the same as that on sugar with Senators Thornton and Randall of Louisiana the only Democrats voting with the Republicans.

Tonight there were predictions that the tariff bill might be out of the way by Sept. 5th. Less resistance than was expected developed on the cotton schedule. Senator Lippitt of Rhode Island, induced the Democrats to modify provisions relating to cotton cloths and the committee also agreed to reconsider the paragraph together with that relating to table damasks.

Senator La Follette gave notice that he would submit a substitute for the entire cotton schedule when the bill came from the committee of the whole.

Senator McCumber of North Dakota opposed the free listing of flax and hemp. He asked the Democrats why they had retained protection on the products of the flax mills and given free materials to the mills.

"We have chosen to put all textile raw materials on the free list," said Senator Williams, "to enable us to make greater reductions in the tariffs on finished products than we otherwise could have done."

Owen Confers With Wilson.

While Democrats of the house were threshing out differences over the administration currency bill in caucus today, Chairman Owen held a short conference with the president. He said that while he expected to support the administration bill that he held himself free to recommend changes he considered advisable. His suggestions yesterday that changes might be necessary in the plan for regional reserve banks occasioned general comment in congressional circles today.

The meeting of the Democratic members of the senate committee today brought out a number of tentative suggestions for amendments.

Sensors Shafroth and Hollis expressed confidence that a currency measure would be passed at the present congress and Chairman Owen said there was "no doubt of it."

Among the suggestions considered by the senate committee today was one by Senator Shafroth to drop all except the silver certificates and replace them with treasury notes secured by a 50 per cent reserve fund and another by Senator Reed to have the treasury issue money directly to the banks under careful restrictions. Chairman Owen opposed suggestions for the adoption of a plan similar to that embraced in the Lea bill, now in the senate which would amplify the present Aldrich-Vreeland emergency currency law. He insisted this would commit the Democratic party to the Aldrich-Vreeland plan and would be politically objectionable.

The house caucus will begin the reading of the administration bill and the consideration of amendments tomorrow. Representative Henry introduced in the caucus today his amendment to specifically authorize the federal banks to rediscount notes or bills secured by warehouse receipts or liens on agricultural products.

Before the bill passes the house it is expected that Democrats of the senate committee will have agreed upon a general plan of currency reform and will invite Republican members to join them in the discussion of prospective amendments to the administration bill.

MAURY I. DIGGS IS FOUND GUILTY OF VIOLATING THE MANN WHITE SLAVE LAW

There were six counts in the indictment and the jury found a verdict of guilty on the first four. Each count carries a maximum penalty of five years and a minimum of one year in a federal penitentiary.

Jury Returns Verdict of Guilty on the First Four Counts of Indictment

PENALTY 4 TO 20 YEARS

Each Count Carries Maximum Penalty of Five Years in the Federal Penitentiary

DISAGREE ON LAST 2 COUNTS

SAN FRANCISCO, Cal., Aug. 20.—In eloping with Marsha Warrington from Sacramento, Cal., to Reno, Nev., Maury I. Diggs, former state architect of California, was guilty of violating the Mann act which makes it a felony to transport women for immoral purposes from one state to another. This was the verdict tonight of the jury that tried him. Five years in the federal penitentiary is the maximum penalty.

Family Awaits Verdict.

Diggs, his wife, father, mother and his three aunts, Mrs. Drew Caminetti and Mrs. Anthony Caminetti were in court, waiting for the verdict. Diggs was pale and his wife showed the tension she was under.

The questions of the foreman clearly foreshadowed the coming verdict, gave them time to steel themselves for the final shock and there was no demonstration of any sort when the expected blow fell.

After being out three hours and five minutes the jury returned to ask the court what form the verdict should take if they were agreed on some counts in the indictment and not on the others. Judge Van Fleet instructed them to make their findings on those counts as to which they were agreed. A verdict of "guilty" on any one count, he said, would be a verdict of guilty of violating the statute and would carry the penalty imposed by the statute.

"Well, if we find him guilty on some counts and a majority is of the opinion he is guilty on the remainder of the counts, may we return a verdict of guilty on all counts?" asked the foreman.

"No," said Judge Van Fleet, "each count is a separate charge and the decision on each must be unanimous."

Judge Gives Instructions.

The judge interpreted the term interstate commerce as involved in the case, on this point he said in part:

"As I have heretofore intimated to you, it is immaterial what the character of the two girls involved in these charges was at the time of the acts charged. The act denounces the carrying in interstate commerce for the immoral purposes specified of any woman or girl regardless of whether the girl or woman who is the subject of the act be lewd or chaste or whether or not the man has himself previously had intercourse with her."

"The defendant has taken the stand in his own behalf," concluded the court, "and so far as his testimony tends to cover the transaction involved in the charges against him it is somewhat at variance with that of the two girls. The testimony of the defendant, however, does not cover the entire transaction. After testifying to the relations between himself and Caminetti and these girls down to the Sunday night on which the evidence of the government tends to show the trip to Reno was taken he stopped short and has given none of the incidents of that trip."

In passing on the evidence you have a right to take this omission of the defendant into consideration since it is a legitimate inference that could be explained by the incriminating evidence against him he would have done so."

"If you find the girls were taken to Reno by the defendant in the manner charged, then the only question remaining is as to the intent with which they were so taken. And even if you find that the defendant and his companion, Caminetti, were actuated in their departure or flight from Sacramento by a fear of exposure or arrest, but that nevertheless in taking these two girls along there existed the intention to subject them to the immoral purpose charged, the defendant is guilty."

"If that immoral purpose was a factor in inducing him to leave Sacramento and take these girls with him it matters not that he may also have been actuated by his fears or other consideration moving him to take that trip. He would nevertheless be guilty."

The defense took exception to the charge in general and to specific instructions.

ENDS THREE YEARS WORK AT PUBLIC LIBRARY

Miss Georgia Lutkemeyer Closes Successful Term of Service as Children's Librarian.

Miss Georgia Lutkemeyer closed her work as head of the children's department of the Jacksonville public library Wednesday morning, after three years of faithful and efficient service. She left Wednesday evening for Middleton, Menard county, for a few days' rest, after which she will return to the city to make preparations for her departure for Madison, Wis., the middle of the month. She will be graduated next spring from the Wisconsin Library school with the degree of B. L. S.

Miss Lutkemeyer had done apprentice work in the library before her graduation from Illinois college in 1908, but taught school in Menard county two years before taking a regular position as a librarian. Before her appointment as head of the children's department she received additional training in library science in the Iowa State Summer Library school at Iowa City.

As previously announced, the successor of Miss Lutkemeyer will be Miss Ruth McLaughlin of New York, a former Jacksonville young lady, who has won distinction in her chosen work in the east. She is a graduate of the New York City Library college.

PLAY FESTIVAL CHILDREN.

Mr. Ruyter, the play grounds director, wishes to thank all the children who took part or in any way helped to make the festival such a success. Also the parents who were there to see their little ones do so well. He also wishes to thank Floyd Williamson, Karl Hill, Worthington Adams, Mark Robinson and all members of board who were there either in official capacity or otherwise. The boys were a great help in seeing that the children of their respective wards got home safely. Last, but not least, Mr. Ruyter is obligated to his wife for the immense help she gave. Without her co-operation the affair would not have been such a success.

Through the kindness of Dr. Cole and the Y. M. C. A., the boys of the pyramid and tumbling squads were treated to a swim at the Y. M. C. A. last Thursday. Mr. Ruyter also thanks the Y. M. C. A. for the use of some yards and the gymnasium and Illinois college trustees for the use of the gymnasium and their field. Thanks are due also to Miss Williams, Miss Daniels and Miss Hopper for help with the children.

Mr. Ruyter has arranged to have several pictures of each ward taken on next Friday. The children are to wear their sashes and pon pone and red bloomers. The Fourth ward children must be at their school Friday morning at 9 o'clock sharp; the Second ward at 10:30 o'clock sharp at their school; First ward at 1:30 sharp at their school and the Third ward at 3:30 sharp at their school, so that the pictures can be taken. Just another word about the costumes. They are to be returned next week to be kept for some future occasion. The Second ward will return theirs on Monday, the Third on Tuesday and the Fourth on Wednesday.

TELLS OF WESTERN CROPS.

H. J. Rodgers, who has arrived home from Denver along with other Sir Knights, says that across Kansas he hardly saw an ear of corn in the fields and in many places they are cutting up the spindling corn stalks for feed. This side of the Illinois river it was decidedly an improvement, though far from normal.

MANY ATTEND BROCKHOUSE FAMILY REUNION WEDNESDAY

Big Picnic Drew Hundreds to the W. C. Brockhouse Grove—Program of Speeches and Music Made Up Part of Day's Events.

Members of the Brockhouse family and their friends to the number of several hundred gathered Wednesday at the grove on the farm of W. C. Brockhouse, northwest of Chapin, for the annual picnic. While a program was carried out the day was largely given over to informal social pleasures. W. C. Brockhouse, who was the oldest member of the family present, presided and introduced Frank J. Heintz and Robert Tilton as the speakers of the day. Mr. Heintz took "Good Roads" as his theme and devoted the greater part of his time to a succinct review of the provisions of the Tice road law. Mr. Heintz gave an opportunity to his hearers to ask questions and some interesting discussion developed in this way. Mr. Tilton referred to the splendid history of the Brockhouse family and to various affairs in Morgan county in general.

The day's program included excellent musical features, some athletic contests and a ball game. Of course the dinner was really a big feature and nothing had been forgotten in the preparation for this important part of the day. Altogether the occasion was one of great pleasure and interest.

GLYNN OFFICIALLY RECOGNIZED EXECUTIVE

RECOGNIZED BY N. Y. BOARD OF
TRUSTEES OF PUBLIC BUILDINGS

New Rooms in Capitol Are Designated as the "Executive Chamber" For Acting Governor Glynn's Use—Issues Statement Outlining His Policy.

ALBANY, N. Y., Aug. 20.—Martin H. Glynn was officially recognized as acting governor of New York State by the board of trustees of public buildings late today when new rooms in the capitol were designated as "the executive chamber" for his use. Governor Sulzer still clings to the offices on the second floor. As his first act after moving into the new offices Mr. Glynn issued a statement outlining his policy. In part the statement says:

"I do not intend to employ a temporary occupancy of the governorship for the purpose of partisan warfare. I have no intention of removing departmental heads for mere political reasons."

"I ask the hearty co-operation of all state officials and all good citizens to help bring order out of chaos in the state government until the court of impeachment shall have rendered a verdict."

An immediate clash of authority between the rival governors may follow Mr. Glynn's action of today. He announced that he would call upon the executive clerical staff which so far has remained loyal to Governor Sulzer for any service which may be needed. As an attempt at dismissal will follow the refusal of any employee to obey either claimant of the governorship it is predicted that a conflict may bring the situation to a head at any time.

A. P. GROUT OF WINCHESTER IS RE-ELECTED PRESIDENT

Heads Officers of Illinois Alfalfa Growers Association—H. A. McKee of Springfield Is Secretary.

Springfield, Aug. 20.—A. P. Grout of Winchester and H. A. McKee of Springfield were re-elected respectively today to the offices of president and secretary of the Illinois Alfalfa Growers association. Other officers chosen are:

The feeding of beef cattle was one of the principal features of the discussion. It was the consensus of opinion among the alfalfa growers that it will be beneficial to the farmers of the state if they limit the corn ration and feed more alfalfa.

Detectives Find Six Children in Filthy Tenement Building With Father in a Demented State.

Chicago, Aug. 20.—Three days without food, half naked and shut in a filthy dark room with a demented father was the experience of six children found by detectives tonight in a tenement building. On hearing the children crying the detectives forced open the door and found Lawrence Stortz, the father, in a demented state. The children were exhausted from lack of food. The mother had been taken to a hospital. At a police station, where they were fed, the children said they had nothing to eat for three days.

Thirty-six states were represented by delegates, among whom were many men of wealth and influence in their respective communities. The league was organized in Boston in 1900. The present meeting will last three days and will be devoted to the consideration of many subjects relating to the negro in business. The older members of the league who have achieved success in business or in the professions will explain their methods so that the younger generation of the race may profit by their experience. Dr. Booker T. Washington, founder and president of the league, delivers his annual address at a public meeting this evening in the Academy of Music.

Every County in Western Part of the State Reports Throngs of Busy Workers Improving Highways.

Kansas City, Mo., Aug. 20.—With blistered arms, caloused hands and sore muscles, fifty thousand enthusiastic good road workers quit their work tonight in western Missouri after a strenuous day spent in "pulling Missouri out of the mud."

Although muddy roads interfered with the work of Governor Elliott W. Major, author of the good roads proclamation and Governor George H. Hodges of Kansas who had volunteered to help the Missouri executive out, both governors declared they would be up bright and early tomorrow and would make up for lost time.

Reports from every county in this part of the state told of throngs of workers, many of them encouraged by the presence of their wives and daughters who served dinner.

NERVOUS PROSTRATION

Severe Case of a Philadelphia
Woman—Her Symptoms.

Philadelphia, Pa.—“I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness. “I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited.”—Mrs. MARY JOHNSON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case.
Ephrata, Pa.—“About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes. “Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now.”—Mrs. J. W. HORNBERGER, R. No. 3, Ephrata, Pa.

MORE WORTHLESS CHECKS.

Two Jacksonville Business Men are Molested for Small Sums.

One day last week a woman called at the Emporium and asked the clerk to put aside a two dollar skirt, saying her husband would call Saturday after getting his week's wages and take the article and pay for it.

A man showed up between four and five Saturday and asked for the skirt and tendered in payment a check signed by W. Bowmaster, payable to Thomas Smith, who claimed to be the man presenting the check. It was for nine dollars and the difference was paid the man in cash and he went to the dry goods store of the Floreth Co. and bought a suit case for \$1.25 and offered in payment a check for \$4.25, purporting also to be signed by W. Bowmaster and payable to Thomas Smith, who indorsed the check and received three dollars in return.

The check was made out in pencil and evidently the same one who signed the name of Thomas Smith filled it out. The check was on the Jacksonville National bank and was returned indorsed. “No such account in the bank.” The man calling himself Smith was rather light, about five feet, eight inches tall, 30 or 35 years old, light complexion. There is no such name as Bowmaster known to any one as far as the Journal can ascertain. There is no clue to the perpetrator of the crime, which was committed during the busy hours of Saturday.

FIREBUG CAUSES ALARM.
Murphysboro, Aug. 20.—Continued depredations of a firebug has alarmed the residents of Carbon-dale and Makanda townships to such an extent that bloodhounds have been brought into use in an effort to apprehend him.

A hundred persons were attracted to the scene and joined the sheriff and bloodhounds in pursuit. The trail led to Texas Junction, where it was lost.

He gave one gasp and was dead.

ALFALFA GROWERS HELD STATE MEETING WEDNESDAY

Many Prominent Agriculturists Talked About Value of This Plant to Illinois Farmers—A. P. Grout Elected President to Succeed Himself.

The third annual convention of the Illinois Alfalfa Growers' association came to a close in Springfield Wednesday afternoon, with the election of officers for the ensuing year. A. P. Grout of Winchester was re-elected president. The attendance at the several sessions was large, indicating the increasing interest there is throughout the state in alfalfa, a crop which promises much in direct returns and in soil fertility.

The program Wednesday morning and afternoon, it will be noted, presented a number of speakers of state wide prominence. The exercises were as follows:

Wednesday Morning.
Greeting—Hon. John S. Schnepf, mayor of Springfield.

Address—Hon. A. P. Grout, president, Winchester.

“Alfalfa on Corn Belt Land”—Frank I. Mann, Gilman, Ill.

“Alfalfa on Sand Land”—H. J. Anderson, Chandler, Ill.

“Alfalfa on Hard Pan Land”—Hon. Charles E. Palmer, Noble, Ill.

“Inoculation and Lime”—E. D. Funk, Bloomington, Ill.

“Cultivation”—H. E. Young, editor “Farmers' Review,” Chicago, Ill.

“Sweet Clover”—Hon. A. N. Abbott, Morrison, Ill.

Wednesday Afternoon.
Transaction of business—Resolutions, election of officers, etc.

“What Alfalfa Can do for the Soils of Northern Illinois”—Hon. Hon. Fred L. Hatch, Spring Grove, Ill.

“Alfalfa for Southern Illinois Land”—S. S. Seiler, Mt. Carmel, Ill.

“Alfalfa for Making Beef”—Geo. F. Tullock, Rockford, Ill.

“Alfalfa on the Dairy Farm”—J. P. Mason, Elgin, Ill.

“Alfalfa for Sheep”—Prof. W. C. Coffey, Urbana, Ill.

Mr. Grout and W. D. Gibbs of Winchester returned to Jacksonville on the 5 o'clock train from Springfield and went from here to Winchester in Mr. Grout's automobile.

Alfalfa a Valuable Crop.
In his address at the morning session Mr. Grout told of the increasing interest in alfalfa within the state. He said:

“The interest in alfalfa has grown apace since the organization of the association—June 29th, 1911. At that meeting of practical farmers and experienced alfalfa growers from every part of the state, it was the unanimous verdict that alfalfa was the most valuable farm crop that could be grown in Illinois, and that its general adoption as one of the standard crops would greatly develop its agricultural resources and add immeasurably to the wealth of the state.

“The experience of the alfalfa growers of Illinois during the past two years, and the additional knowledge thus obtained, has only served to increase their estimate of the value of the plant. Alfalfa has stood the test and more than met the expectations of those who have grown it.

“The growing of alfalfa in Illinois is no longer an experiment, and its practicability has been thoroughly demonstrated. Much has already been done to acquaint the people of the state with the wonderful value of alfalfa and great interest has been aroused. The paramount question at this time is the necessary knowledge for its successful cultivation and growth in Illinois.

Big races today.

FARMERS NOT IN BAD SHAPE.

Crops Will Be Short but Special Financial Stringency Is Not Expected.

A report from Springfield as follows indicates that while Illinois farmers will have short crops this year that they will not be in great financial straits.

“Agricultural and financial experts in Illinois, after a careful survey of the crop condition, agree that while the corn crop will be very short this year, little better than half a crop, the farmers of this state are pretty well fortified financially. They agree there is to be some financial restriction, but no severe stringency and no cause for alarm.

“The winter wheat crop is excellent, offsetting the corn losses to some extent, but the wheat acreage is only normal so the offset will only in small measure save the corn losses.

“Secretary J. K. Dickison of the state board of agriculture, reports that wheat and other crop statistics are delayed. The August 1 report on Illinois corn, according to three state divisions, follows: Northern section, .81; central, .67; southern, .72.

“Secretary H. A. McKeene of the Illinois Farmers' institute, after receiving reports from all sections of the state, says little better than half a crop of corn will be harvested. He says the recent rains will do the corn some good, transferring strength and life from the stalk to the ear, but the pollenization has been deficient and there will be little if any new growth because of the late moisture. Mr. McKeene says a serious phase of the situation is the effect the poor corn crop will have upon feeding and consequently upon the price of cattle and meats, thus adding to the seriousness of the situation as it concerns the urban as well as the rural districts.”

LIFE INSURANCE MEN IN SESSION.
St. Paul, Minn., Aug. 20.—Representatives of more than one hundred American life insurance companies were on hand today at the opening in this city of the annual convention of their national association. Governor Eberhart and Mayor Keller welcomed the visitors, for whom response was made by W. Q. Cole of Jackson, Miss. The feature of the afternoon session was the annual address of W. A. Lindy, president of the association. Tomorrow the convention will take up the discussion of rates, competition, agency supervision and other topics of interest to the insurance world. The gathering will close Friday morning with the election of officers.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

AT ROCKINGHAM PARK.

Track is Heavy for Second Days Program of Grand Circuit Races—Frank Bogash, Jr., Wins 2:13 Pace—Walter Cochata Captures Mt. Washington Purse.

Salem, N. H., Aug. 20.—Over a very heavy, tiring track the Grand Circuit horses filled their second days' engagement at Rockingham park this afternoon before 25,000 spectators. The sport, on the whole, had few thrills.

Frank Bogash, Jr., was the star of the 2:13 pace, as it was only a question of how fast his opponents could make him go. Walter Cochata romped away with the Mount Washington purse.

Peter Volo, the world's champion trotting colt of his age, won the "American Horse Breeder's" Futurity.

GENERAL MAUS QUILTS ACTIVE SERVICE.

Washington, Aug. 20.—Under the forty year service law, Brig. Gen. Marion P. Maus, who has been in command of the First brigade of the First division of the United States army, was placed on the retired list today upon his own application. Gen. Maus comes of a famous Maryland family which has furnished the country with many noted fighters. He graduated at West Point in 1874, and in his early career he saw considerable service in campaigns against the hostile Indians. For gallantry in action against the Apaches in the Sierra Madre mountains of New Mexico in 1886 he was awarded the congressional medal of honor.

During the war with Spain General Maus was an inspector general of volunteers, with the rank of lieutenant colonel, and was with General Miles at Santiago during the conference resulting at the surrender of the Spanish forces. Later he accompanied the expedition to Porto Rico. He has visited Europe several times to observe the military maneuvers of the leading nations. In 1897 he was one of the representatives of this government at the celebration of Queen Victoria's jubilee.

MUST WAIT FOR PAY.
Illinois militiamen—the seven regiments who have been in camp in Springfield and the one yet to go—will not be paid off before fall and probably not until April, 1914. If the \$40,000 required to pay the officers and men were to be taken out of the state treasury now, it would deprive some of the regular employees of their checks. The soldiers are given food, shelter and transportation by the state, but many of them had counted upon the pay day for spending money.

Jefferson City, Mo., Aug. 20.—Reports from all sections of Missouri indicate a wide response to Governor Major's proclamation designating today and tomorrow as Good Roads Days. Entire communities have suspended business for the two days, while every able bodied man and boy is at work on the highways. Governor Major himself has taken up the pick and shovel, and his example is being followed by many other state officials and employees. CHICKEN FRY AT SALEM
WAS LARGELY ATTENDED

Hundreds Partake of Good Things to Eat at Popular Annual Event—List of Committees in Charge.

One of the largest attended chicken fries of the month was held Wednesday evening at the Salem Methodist church, east of the city, and was a great success in every way. This fry is one that is always looked forward to with great interest by Jacksonville people, and the hundreds who improved their opportunity to attend were not in the least disappointed. The chicken was of the finest kind, cooked with a flavor to suit the king's taste and many compliments were passed upon the ability of those having this department in charge. A large tent had been erected in front of the church and enough tables were arranged so that the people did not have long to wait. The gates were swung open at 5 o'clock and from that time on till as late as 9 the people were devouring the good things to eat.

Over three hundred chickens were fried under the direction of Spencer Carpenter, whose ability along this line has so often been recognized. The affair was under the auspices of the Ladies' Aid society of which Mrs. George Hoagland is president and the church people, and nothing was overlooked in providing for the comfort and convenience of the many visitors. Everyone in the church lent a hand in the work and the following committees were in charge:

GOV. DUNNE COMING.
Gov. Dunne has promised to attend the races today. If he can come clear from Springfield, you ought to be there.

AN APPRECIATION.
Clarence Arthur Jaeger, only son of Mrs. Louis Jaeger, whose death has already been recorded in the daily papers, was a young man of unusual sweetness and unselfishness. He was faithful and devoted especially in all the relations of the home and church.
During his long illness he showed only sweet thoughtfulness of his mother and those who cared for him; patient and brave and never complaining against the suffering that was so hard to understand.
He was a member of the Court of Honor and a consistent loyal member of the Church of Our Savior.

The angels called for him Tuesday morning, Aug. 19, 1913, and released him from pain and suffering—his spirit winged its way to God, who gave it to be "Forever with the Lord." We sorrow not as those without hope, for we know that one of the many mansions has been prepared for him.

WILL SPRINKLE TRACK.
There'll be no dust at the races this afternoon. Be there promptly at 1:30.

CONVENTION IN SESSION

Sunday School and Epworth League Workers of Colored Methodist Churches Begin Conference.

The district conference Sunday school and Epworth league convention of the St. Louis district met at McCabe M. E. church yesterday morning with a good attendance, Dr. R. E. Gillum presiding. The meeting was opened with devotional exercises, after which Rev. J. W. Miller, pastor of Grace M. E. church, gave an address of welcome on behalf of the churches of the city. The reverend gentleman spoke eloquently of the great work done by the Sunday school and Epworth league and especially emphasized the importance of pushing the work and interesting the young people in all kinds of religious enterprises. On their must soon fall the burden of the church and all its activities and they should be well trained in order to accomplish their duty.

S. W. Nichols also spoke. On behalf of the Sunday schools of the city Mrs. Laura Lafayette spoke and tendered a cordial welcome to the city.

QUICK RELIEF

FOR RHEUMATISM.
George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.—Adv.

WILL REPAIR COURT HOUSE.
The county commissioners have entered into a contract with Joseph D. Goola for somewhat extensive repairs on the exterior of the court house. For some time the tower at the south side of the building has been badly in need of repairs and various portions of the roof are in like condition. The erection of scaffolding will be quite an expensive part of the work.

TRUSTEE IN BANKRUPTCY'S SALE OF REAL ESTATE.
In the District Court of the United States, for the Southern District of Illinois, Southern Division.
In the matter of Katherine M. Dwyer, Bankrupt in Bankruptcy No. 1960.

By order of the District Court of the United States for the Southern District of Illinois, I, Edgar E. Crabtree, trustee of Katherine M. Dwyer, bankrupt in bankruptcy, on Tuesday Sept. 9th, 1913, will sell at public auction to the highest and better bidder at Bluffs, Scott county, Illinois, between the hours of 9 o'clock a. m. and 4 o'clock p. m., on said day, the following described real estate, being of the estate of said bankrupt, to-wit:

The southeast quarter of section 1 in township 15 north and range 13 west of the third principal meridian, containing 160 acres, more or less, situated in the county of Scott and State of Illinois. A complete abstract of title will be furnished together with trustee's deed, conveying title to said premises. The above real estate consists of a splendid stock and grain farm located about two and one-half miles from Bluffs and near the same distance from Newville, Ill. It is splendidly located, being near Morgan and Scott county lines and within three-quarters of a mile of a public school and about one and one-half miles from a German Lutheran church and in a splendid neighborhood.

This is a very desirable farm. The title of the trustee in and to the same has been settled by a decision of the supreme court of the state of Illinois, so no question can arise as to the title, now or hereafter.

Terms of sale: 10 per cent cash deposit on the day of sale. The balance to be paid in cash within 10 days and after the approval of said sale by the court, on tender of trustee's deed thereto.

The title to this property is fully transferable by the deed of the trustee, there being no equity of redemption or claim of any kind existing as to the grantee under the trustee's deed.

The sale will probably be had at about the hour of 1:30 o'clock p. m. of said date near the corner on which the bank is located in the town of Bluffs, Ill.

This farm is well known as "the John Knoppel farm." Possession given March 1914.

MORTUARY

Kelley.

Daniel Kelley of Nichols park has just received word of the death of his brother, William Kelley, at his home in Portales, N. M., after a lingering illness. William Kelley was a son of Silas and Nancy Kelley and was born in Morgan county January 5, 1867. He spent the greater part of his life in this county. He was married to Lizzie Story and to this union were born three children—Richard Leon, William, Jr. and May. His wife preceded him in death in 1897 and his daughter soon after. Those who survive are two sons, Richard and William; one brother, Daniel Kelley, of this city; two sisters, Mrs. Mattie Roberts of East College street, Jacksonville and Mrs. Ivan Agee of Litchfield.

In memory of our brother: Peaceful be thy slumber. Peaceful in thy grave so low. Thou no more will join our number. Thou no more our sorrows know. Yet again we hope to meet thee. When the day of life is fled. And in heaven with joy to greet thee.

Where no farewell tears are shed. Call not back the dear departed. Anchored safe where storms are o'er.

On the border land we left him. Soon to meet and part no more. When we leave this world of changes. When we leave this world of care. We shall find our missing loved ones.

In our Father's mansions fair. Farewell brother, but not forever. There will be a glorious dawn. We shall meet to part no never. On the resurrection morn.

Franz.

Frederick Albert Franz, who had been ill for the past two years with tuberculosis, died Wednesday morning at 11 o'clock at the home of his mother, Mrs. Henry Franz, 611 Grove street. His father died July 9 of this year, and he is survived by his mother and the following brothers and sisters: George of Corydon, Iowa; Edward of St. Louis; Allen, Leslie, Henry, Harvey, Earl, William, Alma and Maude, all of this city.

Funeral arrangements will be announced later.

Markham.

Francis Markham died at his home in Chapin Wednesday at 9 a. m., after a lingering illness which was born near Bethel July 20, 1878, and had resided in the west part of the county all his life. He was treasurer of the Sunday school, a good worker in the church and a member of the Gleaners' Sunday school class. He had a host of friends whom he had won by his good character and upright life. He was a member of the Christian church and lived a consistent life.

He is survived by his parents, Mr. and Mrs. William B. Markham; three sisters, Misses Effie and Helen Markham, and Mrs. H. C. Anderson; one brother, Thomas Markham. He was also a cousin of Mrs. J. F. Brennan of this city.
